April 28, 2023

OLD GREENWICH, Conn., April 28, 2023 (GLOBE NEWSWIRE) -- Star Equity Holdings, Inc. (Nasdaq: STRR; STRRP) ("Star Equity" or the "Company"), a diversified holding company, announced today that its KBS Builders, Inc. ("KBS") business has signed a \$2.2 million contract to manufacture 24 modules for the construction of classrooms for two schools in the South Burlington School District in Burlington, Vermont. This forward-thinking project will be critical in helping the City of Burlington meet its need for permanent learning spaces in a timely, cost-effective, and environmentally friendly manner.

"We are thrilled to announce yet another exciting project for KBS in the educational space," said Thatcher Butcher, President of KBS. "School buildings and student housing are an excellent fit for KBS's production capabilities, and KBS continues to capitalize on its success in this sector. Our experience shows that we can provide educational institutions with high-quality, energy-efficient modular solutions faster and more effectively than traditional onsite construction. We're excited about this opportunity and are well-positioned to continue gaining share in this large and important market. In addition, this project leverages KBS's expertise and growing reputation in Zero Energy Modular construction."

Rick Coleman, Chief Executive Officer of Star Equity, noted, "This high-impact project for the City of Burlington is an excellent showcase for the versatility of the KBS product as well as the general benefits of modular construction. With production beginning immediately, KBS's advanced construction methodology will minimize the impact to the schools' operations, allowing for work to commence when schools close for summer break and conclude prior to their fall reopening. I'm proud of the progress the KBS team continues to make on expanding its market presence and bolstering its reputation as New England's modular manufacturer of choice."
