Investment Highlights

We believe Star is positioned to deliver **strong shareholder returns** through:

1) Organic Growth

We are building a diversified, scalable multi-platform portfolio of operating companies with attractive organic

2) M&A and Asset Optimization

We constantly evaluate acquisition targets to **supplement our organic growth goals**, with a focus on growing our

growth, margins, and ROIC

We believe we are positioned to grow Adj. EBITDA from **$4M in Q3 2026 TTM → $40M by 2030** [1] [2]

Our $215M of usable NOLs provide a tax-efficient structure to convert EBITDA growth into FCF [3]

current platform companies [2]

Preference for using **non-convertible preferred stock** for M&A instead of common stock

+

We believe we will monetize **$20M+ of non-cash generating assets in the next few years**

3) Opportunistic Share Repurchases

Approx. $11M repurchased since 2019; including ~8% block purchase in Q3 2025

4) High Insider Ownership

Insiders own ~36% [4] and buy stock regularly

Medium-term Goals (~5-year): **1. Outperform the Russell 2000 Index 2. Get added to the Russell 2000 Index**

Differentiated Corporate Strategy and Structure

Star is similar to a private equity fund, but with key distinctions allowing us to:

1. Scale quickly and profitably through organic growth
2. Have flexible holding periods thanks to an open-ended investment time horizon
3. Have a long-term partnership approach rather than short-term transactional one
4. Pursue both private and public acquisition targets, sometimes through activism [1]
5. Be a logical aggregator of select microcaps that fit Star's acquisition criteria
6. Leverage a mix of cash, debt, and preferr stock to offer flexible deal structures to counterparties

Star's M&A Opportunity Set

Actively seeking both **public & private acquisition opportunities** to complement our organic growth

Public Companies

- Over 3,000 public companies with less than $30M of EBITDA in the US (1)
  - Costs and complexities of being public keep rising
  - Star is a logical aggregator of select micro-caps, where public company and redundant overhead costs can be eliminated, creating value for shareholders

Private Companies

- Large subset of high-quality, privately owned businesses with ownership seeking an exit
- Demographic trends such as the "Silver Tsun baby boomer retirements suggest an increas business ownership transitions
  - An est. 12 million baby boomers own priv businesses in the U.S.; approx. 4 million h annual revenue of $5 - $100M (2)
  - ~45% of family-owned businesses lack a succession plan (3)

Star Equity Holdings

Characteristics - What We Are Looking For (M&A)

Characteristics of Star's operating businesses and acquisition targets:

1. Low maintenance capex / asset-lite business models
4. Low obsolescence risk

2. Significant organic growth opportunities / growing industries
3. Fragmented markets / availability of bolt-on acquisition targets
5. Excellent local operating management team
6. Preference for B2B businesses

We are looking to acquire businesses generating $10-$50M in Revenue with >$2M of EBITDA in the following industries:

Existing Star Verticals (highest priority):
- Building Solutions / Housing / Building Materials
- Staffing / Business Services
- Energy & Industrial Services

Potential New Verticals for Star:
- Transportation / Logistics
- Industrials / Manufacturing
- Materials
